Organic Gardening in Pots

Embrace your green thumb and join us for an informative session on creating and maintaining your own manageable vegetable and herb container garden. Learn how easy it is to grow your own Jersey Fresh veggies from Bernadette Getzler, healthy eating and gardening “guru.”

Bernadette discovered the benefits of growing veggies and fruit with her students many years ago and maintained a school garden that was utilized to teach the curriculum. Her background is in special education and she is a Board Certified Behavioral Analyst. She received the Epicurean Teacher Scholarship award and was also the recipient of the Healthy Educator from AtlantiCare.

This program is for people who don't have gardens, but rather would like to grow their own veggies in patio containers!
